Edited by
Jill Kraye and Laura Lepschy in collaboration with Nicola Jones

This volume contains the proceedings of the conference in memory of Vittore Branca held at the Warburg Institute in October 2005. The aim of the conference was to reflect the breadth of Branca’s interests, from medieval to contemporary, and his ability to relate to scholars at all stages of their careers. Almost all the contributions given are included, as well as two additional papers.

CONTENTS

Zygmunt Barański Boccaccio and Epicurus
Carlo Caruso L’edizione Vittore Branca dell’Amorosa visione (1944) e la nuova filologia
Guyda Armstrong The translated Boccaccio in early modern England
Nicola Jones The importance of ‘visualization’: re-viewing Branca on manuscript illustrations
